

ISDI

THE NEW SCHOOL
PARSONS

BUILT WITH
INDUSTRY
DESIGNED FOR
OUTCOMES

EDITOR'S NOTE

This publication captures the academic, creative, and professional journeys of ISDI students as they grow from curious learners into confident, industry-ready design professionals.

Across these pages, you'll see how ISDI's globally benchmarked, studio-led curriculum, co-designed with Parsons School of Design, New York, integrates rigorous creative practice with real-world industry engagement to deliver measurable outcomes. Through sustained mentorship, live industry collaborations, masterclasses, and immersive projects, students build strong conceptual foundations alongside practical, future-ready skills.

Together, these experiences reflect ISDI's commitment to nurturing designers who are critically aware, culturally fluent, and professionally prepared. They are equipped to lead, innovate, and make meaningful contributions within a rapidly evolving global design landscape.

HEAR FROM ATLAS LEADERSHIP

DR. INDU SHAHANI

Former Sheriff of Mumbai (2008-09)
Member, University Grants Commission (2011-14)
Principal, H.R. College of Commerce &
Economics, Mumbai (2000-16)

At ATLAS SkillTech University, we cultivate the next generation of professionals across a spectrum of dynamic fields. Our industry-focused curriculum equips students with future-ready skills for Industry 4.0. With world-class, tech-enabled infrastructure and strong global connections, ATLAS nurtures entrepreneurs, innovators and leaders. Our students combine a strong academic foundation with practical insights gained through experiential learning, international exposure, and a multidisciplinary environment. They are trained to adapt quickly, think critically, and approach challenges with an entrepreneurial mindset, ready to drive innovation and create meaningful impact in a rapidly evolving world.

Together, we can shape a brighter future for our students and contribute to the growth and prosperity of the wider community. We look forward to fostering collaborations that inspire innovation, excellence and shared success.

LEADERSHIP INSIGHT
THAT DEFINES OUR DIRECTION.

MR. SIDDHARTH SHAHANI

Co-Founder &
Executive President

At ATLAS SkillTech University, we believe that India's economic and industrial progress will be shaped by a new generation of agile, innovation-driven thinkers. As the nation moves towards a technology-enabled, knowledge-driven economy, young talent will play a pivotal role in strengthening industries, advancing emerging sectors, and reinforcing India's position as a global hub for innovation and entrepreneurship.

I can proudly say that our students are trained with this vision in mind. They are prepared to contribute meaningfully to India's growth story – as creators, leaders, and entrepreneurs of tomorrow.

PROF. MEENA KRISHNA

Director, ATLAS ISDI- School of Design &
Innovation

At ISDI, we believe in empowering students to discover their unique voice, push the boundaries of creativity, and translate ideas into impactful design solutions. Our goal is to cultivate a culture of curiosity, collaboration, and innovation where every student feels inspired to grow into a confident, future-ready design professional.

PROF. ANANDO DUTTA

Dean of Academics,
ATLAS SkillTech University

At ATLAS ISDI, your intervention is valuable, necessary, and critical for the world. Your ideas are the stakes on which the future will pivot – between the routine and the magnificent, the ordinary and the extraordinary.

ATLAS SKILLTECH UNIVERSITY

A CAMPUS BEYOND THE ORDINARY!

Located in the heart of Mumbai, India business capital ATLAS SkillTech University is an urban campus, a crucible of ideas, a melting pot of diverse perspectives, and a launchpad for tomorrow's leaders reimagining education.

Think of our university as an ATLAS, a navigator for India's youth, and a beacon of knowledge and inspiration that guides you towards your destination.

We believe education is not just about absorbing information, but about forging your path, exploring new frontiers and shaping your future. So, come join us at ATLAS university, where you can be a part of a vibrant community that inspires you to reach new heights and achieve your dreams!

ISDI SCHOOL OF DESIGN & INNOVATION

INDIA'S GLOBAL DESIGN SCHOOL

ISDI School of Design & Innovation nurtures the next generation of design leaders—thinkers, makers, and changemakers equipped to create meaningful impact across industries and cultures. Rooted in a globally benchmarked academic framework and enriched by strong academic and industry partnerships, ISDI offers a future-facing design education that seamlessly blends creativity, strategy, and real-world relevance.

Developed in collaboration with Parsons School of Design, New York, ISDI's curriculum is driven by rigorous studio-based

learning and interdisciplinary exploration across fashion, communication, product, interior, and strategic design. Students engage deeply with industry mentors, expert-led masterclasses, and hands-on projects that reflect contemporary professional practice and evolving global challenges.

ISDI graduates leave with future-ready portfolios, global perspectives, and the confidence to lead, innovate, and shape the design ecosystems of tomorrow.

ISDI STUDENTS GET INDUSTRY READY FROM DAY 1

At ISDI School of Design, students engage with the evolving design industry from the outset of their academic journey. Academic conferences, expert-led masterclasses, and structured jury reviews ensure strong academic rigour alongside real-world relevance, while guidance from a distinguished industry Advisory Board prepares students to navigate the technology-driven future of design. Industry visits, global and rural immersions, and capstone projects further provide meaningful exposure and portfolio-ready outcomes.

Apple CEO
Tim Cook
at ATLAS

FOUR YEAR JOURNEY TO PROFESSIONAL READINESS

Year 1

Observership Industry Exposure

At the end of Year 1, students undertake an Observership between Semesters 2 and 3. This experience introduces them to professional design environments, industry workflows, and workplace culture—building early awareness and setting the foundation for informed learning in the years ahead.

Year 2

Apprenticeship Skill Application

Following Year 2, students progress into an Apprenticeship between Semesters 4 and 5. This phase enables learners to deepen their engagement within chosen domains, apply classroom knowledge to live industry contexts, and develop hands-on skills under professional guidance.

Year 3

Internship Professional Readiness

After completing Year 3, students participate in a structured Internship between Semesters 6 and 7. Designed in collaboration with faculty advisors and industry partners, this immersive experience strengthens professional competence, builds industry confidence, and prepares students for final placements.

Year 4

Capstone Professional Showcase

In the final year, students culminate their journey with a Capstone Project that integrates learning from all previous stages. Mentored by faculty and reviewed by industry experts, the Capstone serves as a professional showcase—demonstrating design thinking, execution excellence, and industry readiness.

INDUSTRY LEADERS ON CAMPUS

At ISDI, we bring industry leaders, innovators, and change-makers into the ISDI ecosystem to engage, inspire, and mentor our students. Through real-world insights, future-focused perspectives, and professional mentorship, students gain industry relevance that elevates their learning and prepares them for practice.

LIVE INDUSTRY PROJECTS

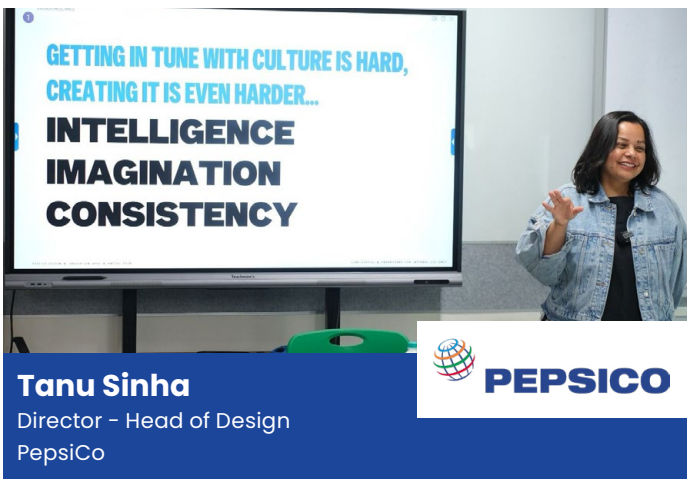

At ISDI School of Design & Innovation, learning goes beyond the classroom through live industry projects. Students work with top brands, startups and on real-world design challenges—from research and ideation to prototyping and execution. These immersive experiences build user-centric thinking, creative problem-solving, and professional readiness, preparing students to deliver impactful, industry-ready design solutions.

BRINGING INDUSTRY LEADERS TO CLASSROOMS

ISDI CREATIVE CATALYSTS

That brings design leaders from across major industry sectors to classrooms. Through this exclusive masterclass series, students get the opportunity to learn from the best minds in design. These interactions help students understand the skills they need to build, the tools and mindsets the industry values, and how design roles are evolving in an AI-driven landscape.

BRINGING GLOBAL DESIGN THOUGHT LEADERS TO THE CAMPUS

ISDI GLOBAL DESIGN COLLECTIVE

In collaboration with What Design Can Do (WDGD), ISDI successfully hosted the Global Design Collective—an exclusive, invite-only gathering of some of the world's most influential design thinkers, industry pioneers, and thought leaders. The event served as a powerful platform for dialogue and exchange, exploring how design can drive innovation, address global challenges, and shape a more sustainable future. Through insightful conversations and global perspectives, the Global Design Collective reinforced ISDI's commitment to design-led impact, sustainability, and future-focused thinking.

“Our engagement with ATLAS ISDI has been incredibly rewarding. The students’ ability to think strategically and creatively while addressing real-world brand challenges sets them apart. They come prepared with fresh perspectives and a strong grasp of design fundamentals, which is exactly what the industry needs.”

**Biju
Damodharan**

“We have had the pleasure of hosting ATLAS ISDI students for internships, and we’ve been impressed by their preparedness and adaptability. They approach tasks with a fresh perspective and are quick learners, which makes them an asset to our team.”

**Prtish
Tandon**

“I was thoroughly impressed by the students at ATLAS ISDI. Their deep understanding of design thinking and user-centric solutions makes them valuable assets for any company. They are well-trained, adaptive, and come with an innate curiosity that drives innovation. We look forward to collaborating with more of these talented individuals.”

**Rayomand
Pavri**

Deloitte.

“Deloitte has enjoyed a long-standing relationship with ATLAS ISDI, participating in roundtable conferences, masterclasses, portfolio reviews, and, of course, hiring. We have consistently found exceptional talent here—professionals who are well-prepared, driven, and ready to make an impact. We look forward to further building our team with ATLAS graduates.”

**Navneet
Munot**

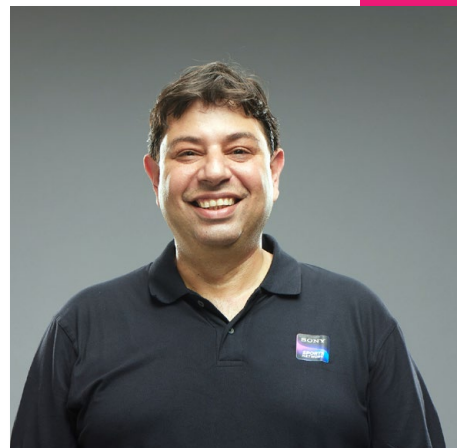

Visiting ATLAS SkillTech University was truly inspiring. The energy and creativity of the students were incredible.

**Neville
Bastawalla**

The leadership team headed by Dr. Indu Shahani is just outstanding. Innovation blended with industry-experienced teachers is what makes Atlas shine.

**Sujal
Shroff**

JSW Realty

“The students are bright, driven, and determined. It was a pleasure interacting with them and experiencing the dynamic atmosphere of ATLAS. The campus energy is palpable, and the students are prepared to face challenges with resilience and purpose. We’ve had ISD students join us before, and we’re looking forward to more.”

Boris Gomes

Dr.Reddy's

“After seeing the talent pool from across India, I can confidently say that ATLAS ISDI is nurturing talent exceptionally well. Today, 70% of my design team at Dr. Reddy’s comes from ATLAS ISDI. The students come fully prepared with in-depth research, and the quality of their work after joining us has been outstanding.”

ESHA DATTA

“ATLAS SkillTech University is truly an institution with a futuristic approach. The students studying here are fortunate enough to get the much needed grooming to step into the corporate world. It’s not just about a career path but also the overall development of an individual is what I observed during my visit there. Led by Indu mam, I can very confidently say the students are definitely the future leaders of the nation.”

Shruti Kamath

“We have had the pleasure of hosting ATLAS ISDI students for internships, and we’ve been impressed by their preparedness and adaptability. They approach tasks with a fresh perspective and are quick learners, which makes them an asset to our team.”

AMEER ISMAIL

“Stepping into the heart of Mumbai’s bustling Bandra Kurla Complex, I was wowed by a modern, multi-story university teeming with over 5,000 students. The interaction with the passionate founding president and the faculty’s innovative teaching methods truly impressed. Here, educationalists unite to empower a young generation. All the best to this institution shaping future minds!”
